

The staff at Arlington Greens are very proud of our facility, inside and out. Here is a description of our holes.

Hole 1

Wow right out of the gates this 450 yd par 4 will get your heart pumping, bunker on the right off the tee and 2 green side bunkers.

Hole 2

515 yd par 5 dogleg left. If you lay up there is a fairway bunker 100 yds out. First possible birdie hole.

Hole 3

350 yd par 4 another dog leg left with trouble on the left side and green side bunkers.

Hole 4

165 yd par 3 Beautiful hole that you can admire and get a big score, if your not careful

Hole 5

400 yd par 4

Our # 4 handicap hole . Your drive must carry the water, which is 240 yds off the tee. Then the fun begins

Hole 6

500 yds par 5.

3 bunkers surround this tough green to putt.

Hole 7

455 yd par 4

If you drive the ball straight there is not much trouble.

Hole 8

185 par 4

This plays every bit of 185 yds from the back tees. To most golfers 185 is not a yardage they want. Maybe a 4 is not so bad.

Hole 9

465 par 4

A mere 465 yds to the coolest and refreshing snack bar on this side of the river. The only problem this hole is our #2 handicap hole. Maybe you will need extra mustard by the time your putt drops.

Hole 10

380 yd par 4

Back to why you like this game. A short straight hole. Enjoy the homes on your left. These folks really support us.

Hole 11

485 yds par 5

This is truly a neat hole as long as you can make the ball go left when ever you want , then make it go right, then make it get up over the fairway bunker and the sit on the green covered by 2 bunkers.

Hole 12

375 yds par 4

Gives your heart a breather , nice simple hole, enjoy because that won't last long.

Hole 13

185 yd par 3

If you have a camera maybe your friend can take a picture of your ball almost making it over this very large lily pond.

Hole 14

390 yd par 4

Dogleg left with trouble on the left, tougher than it looks

Hole 15

550 yds par 5 # 3 handicap hole

If after watching Tiger Woods you think you learned how to hit hi a mile, go ahead because this will seem like a mile.

Hole 16

400 yds par 4

This has all the excitement on a hole you could want. There is a big surprise once you get close to the green.

Hole 17

192 yds par 3

Have you noticed the distances on our par 3's, 2 large green side bunkers will add to your enjoyment.

Hole 18

465 yd par 4

Simply put, one of the most OUTSTANDING finishing holes on any golf course you will ever play. If you walk away with a par, tip your cap, if you walk away with a bogey bow down, if you walk a way with a birdie see your minister.

Thank you for the opportunity to describe our Crown Jewel
